UPCOMING RBTI Seminar

- WHAT:** REAMS BIOLOGICAL IONIZATION **LEVEL I SEMINAR**
Instructor: Dr. Beddoe
- WHEN:** February 26-27, 2005
- WHERE:** Ameri Suites NE airport location
407-270-3939
7500 Augusta National Drive
Orlando, Florida 32822
Regular shuttle service to/from airport is provided
- SCHEDULE:** February 26th 8 a.m. to 4 p.m; February 27th 8 a.m. to 4 p.m.
- DETAILS:** The Reams Biological Ionization Theory (RBTI) comprehensive system of mathematical principles that allow for a new and complete understanding of how the ionic electro-chemical basis of biological life is to ideally develop and function. Therefore, this model also explains the cause of degenerative disease—namely, ionic mineral deficiencies causing electro-chemical *depletion, distortion, disruption* and *destruction* of the ideal and healthy environment of the basic molecular components and subcomponents of the cells. Additionally, and most importantly, this model provides the exact tools required to address the cause of the electro-chemical dysfunctions that are called dis-eases, and reverse them.
- Level I** students are introduced to the basics of how RBTI came about and are prepared for Level II by being led into a working understanding in Biological Ionization principles as formulated on the fundamentals within the first ten chapters of Dr. Beddoe's textbook *Biologic Ionization as Applied to Human Nutrition*. Level I Seminar time is dedicated entirely to helping the student learn and understand the vital basics and meanings of the numbers both individually and collectively of the RBTI language. No time is spent in teaching the Urine and Saliva lab testing procedures until Level II.
- INSTRUCTOR:** As a dental physician since 1970, Dr. Alexander Beddoe, DDS, very early saw that “*drill, fill and bill,*” did not address the real cause of degenerative disease, so clearly demonstrated in the dentition of his patient's. This motivated Dr. Beddoe on a search that resulted in him becoming a recognized author, lecturer, instructor and international authority on the Biological Theory of Ionization through his association, (1975 —1985), with its developer, Dr. Carey Reams.
- As a recognized authority and enthusiastic teacher and lecturer on Biological

Ionization applications, Dr. Beddoe has over 25 years of clinical-nutrition practice experience using Biological Ionization as the exclusive method of ionic electro-chemical evaluation of the human nutritional condition and needs.

Dr. Beddoe has authored the only textbooks on Biological Ionization, as it applies to both soil/plant chemistry and human chemistry, approved by Dr. Carey Reams. His texts are being used by several schools of natural medicine around America as the definitive text for learning the theory and practice of Biological Ionization principles.

TEXTBOOK: The required text for the class is *Biologic Ionization as Applied to Human Nutrition*, authored by Dr. Beddoe. See our website for details on how to order the textbook.

TESTEQUIPMENT: **Lab Test procedures will be taught in detail as part of Level II** class training. Dr. Beddoe recommends that you obtain a complete set of Urine and Saliva Lab test equipment, as shown in Chapters 6-10, to bring with you to Level II class to work with that equipment under Dr. Beddoe's tutelage during the Level II lab time.

Lab equipment can be purchased through

Pike Lab Supplies, P.O. Box 67, 154 Claybrook Rd., Jay, Maine 04239; Phone: 207-897-9267

TUITION: **EARLYBIRD SPECIAL:** \$350 per person advanced registration postmarked on or before December 15, 2004. PowerPoint slide / study guide manual included (\$30 value)

\$380 per person for registration postmarked on or before January 15, 2005. PowerPoint slide / study guide manual included (\$30 value)

\$410 per person for registration after January 15, 2005. PowerPoint slide / study guide manual not included, but available at the door for \$30.

PAYMENT: Make your check or money order out to Advanced Ideals Institute, C/o P.O. Box 1278, Seaside, California 93955 Advanced Ideals Institute is not currently set up to accept credit card payments, but will in the very near future. Watch for these changes on our website. www.advancedideals.org. Thank You!

CANCELLATION: All cancellations will receive credit towards a future seminar of the same type and level within 18 months, from available dates. There is a \$50 processing fee for all cancellations. You may, however, assign your registration to someone else, at any time, at no charge.

COME JOIN US! WE LOOK FORWARD TO SEEING YOU THERE.
