RBTI FOOD QUALITY & GARDENING SEMINAR

- WHAT:** GARDEN & FOOD QUALITY BASED ON RBTI—BIOLOGICAL IONIZATION PRINCIPLES.
- WHEN:** February 19-20
- WHERE:** Ameri Suites NE airport location 407-240-3939
7500 Augusta National Drive
Orlando, Florida 32822
Regular shuttle service to/from airport is provided.
- SCHEDULE:** February 19, 9 a.m. to 4 p.m.; February 27, 9 a.m. to 3 p.m.
- DETAILS:** Please join us and get introduced to a most fascinating approach to dealing with degenerative disease. Learn why and how all disease really starts in the soil from which your food is grown. Learn the secrets of what healthy, high-energy soil, should be. Then learn what you can do, to make your garden produce the most nutrient-rich food possible.
- This class exposes the revolutionary agricultural secrets Dr. Carey Reams discovered, called the Biological Theory of Ionization, about the direct link between soil mineral content and plant, animal and human disease. This is a seminar that addresses the real cause and the real answers for turning dis-ease and its consequences into life more abundant. This class is about growing life, high quality, high energy and healthy life, from the earth. This class is about transforming your food supply from toxic into health-promoting life-giving sustenance.
- Also, learn the cues and clues about identifying the best produce available, before spending your hard-earned money for it.
- Join us and become aware of some critical tips on how to prepare higher quality foods out of poor quality foods, when feeding your family from today's marketplace!
